

## ONTARIO JUDGE SOUGHT PENSION

Applied to Counties' Board for Pension for His Sister

Cobourg, Jan. 31.—That a Justice of the Supreme Court of Ontario has applied to the committee of pension requesting that his sister be granted a pension, was announced at the January session of the Northumberland and Durham counties' board of pensioners.

The chairman's statement was given in defence of claim that partially had been shown in granting pension. A county committee charged that A. Pennington, a member of the pension board, had named his brother as an applicant for a pension.

Chairman Davidson declared it, reply that no application could be refused if the applicant had a lawful right to relief, and pointed out that a Justice of the Supreme Court had submitted the application of his sister.

Pension law is heretofore shown by money transfer, cooling and retirement. Income is a rate prohibited from the completion. Invaluable for settling and making hands financially well. Thereafter and the sister, therefor of the Supreme Court had submitted the application of his sister.

for the father as a his relative and cooling sharing letter.

CANADA'S AUTOMOBILE INDUSTRY

Production in the automobile industry in Canada during 1929 resulted in the high record value of \$173,733,939 compared with \$162,675,499 in 1928, was \$128,763,241 in 1927.

## "Gain Health While You Sleep"

Says Pittsburgh Doctor

The writer has just finished reading a 32 page report of the Medical Institute of Toronto on "The Balancing of Toronto Milk Supply" with special reference to pasteurization. This report was prepared by the late Dr. Chas. J. Hastings who at that time was Medical Officer of Health in Toronto. This report goes into many details and is published on the Toronto authorities on the subject of milk, and also deals with the health of milk and with your permission Mr. Editor I would like to quote a few paragraphs from the report on the subject that is facing our Board of Health and City Council at this time.

On page 13—where certified milk is 1475

It is quite apparent that the high cost of production of certified milk does prevent its being extensively used by any municipality. This quality of milk has been offered for sale in New York City in 1929, in New York City in 1924, and for some previous years.

On page 14—where certified milk is 1475

It is quite apparent that the high cost of production of certified milk does prevent its being extensively used by any municipality. This quality of milk has been offered for sale in New York City in 1929, in New York City in 1924, and for some previous years.

**Picton Fair Will be First One  
Held in Ontario This  
Year**

(Special to Ontario Intelligencer)  
 Nelson, Feb. 2.—Heavy roads were  
 blown down the week end, following  
 the heavy fall of snow on Friday night.  
 Only a few of the mail men were able  
 to get to town. Great banks of snow  
 were reported from all parts of Prince  
 Edward County. It was the greatest  
 fall of snow in many years, even ex-  
 ceeding that of last year's big storm.  
 Notwithstanding the heavy roads  
 there was a good crowd in town on  
 Saturday as the main roads were  
 soon put into shape by gangs of men  
 and the snow plow. Few cars were  
 in evidence, "Old Dobbin" again com-  
 ing into his own.

The County Council has decided to cut all grants to public organizations in two. This will mean that there will be \$2375 saved in this way.

This year's grants are as follows:

Dr. Edward County Hospital	\$625.00
F. Ed. Co. Agric. Society	750.00
Ameliasburg Agri. Society	125.00
Sophiasburg Agri. Society	125.00
Publicity Committee	200.00
Poultry Association	50.00
Sick Children's Hospital	50.00
Nelson Public Library	150.00
Wellington Public Library	150.00
Bloomfield Library	50.00
Hedensville Library	25.00
Humane Society	25.00
Mai. Inst. for Blind	50.00

Road—Harold Cross (3 years); Fred Hubbs (3 years); and Wm. Monaghan (1 year).  
Aid People's Home—E. E. Bonten.  
Hugh Weir, Alva Collier.  
Finance—W. S. Blakely, Alva Bowman, H. Clark.  
Children's Aid—Don Brown, W. S. Blakely, T. O. Bowerman.  
Supplies—J. A. Walker, Harold Vin.

Other appointments were as follows:  
Board of Audit—T. G. Bowerman  
and Gordon Walmsley.  
Representative to Collegiate Board—  
R. R. Leavens (3 years).  
County Constable—James Lovelace.  
Auditors—Oscar Hudson and Co.  
Leonard Jackson of East Lahr, showed  
an Arctic owl which had a wingspread of 56 1-2 inches.

Picton Fair will be the first fair to be held in Ontario this year, the date being August 18, 19 and 20. Secretary F. H. Mphaker has offered his services free of charge in an effort to reduce the debt of the society. Mr. A. E. Calnan is president. New features are being planned. The early date was chosen with a view to better weather and to avoid the canning season.

**They Have Truly Been  
A Real Friend To Me**

Ontario Lady Praises Dodd's  
Kidney Pills

Dyer's Bay, Ont., Feb. 2 (Special).—They are a real "friend to man" writes Mrs. Edward Wardrop, a well-known resident of this place. "I have

"The natural way to treat Rheumatism and Lumbago is to treat the Kidneys and the natural way to treat the Kidneys is to use Dodd's Kidney Pills.

"Rheumatism is caused by the presence of uric acid in the blood. If the kidneys are functioning properly they will strain all the uric acid out of the blood and there can be no more Rheumatism.

"Dodd's Kidney Pills have been used in Canada for nearly half a century. They demonstrate their worth in cases such as rheumatism, sciatica, lumbago and urinary troubles."

**BERNARD RIVER**  
Bernard river, a tributary of Peace river in British Columbia, named for Bernard, the guide of George Simpson. He was carrying Sir George ashore from his canoe when he slipped and both fell into the river.

There is no more effective vermifuge on the market than Miller's Euc. Powders. They will not only clear stomach and bowels of worms, but prove a very serviceable medicine in children in regulating the intestinal system and maintaining it in healthy condition. There is nothing in their composition that will injure the most delicate stomach when directions are followed, and they can be given to children in the full assurance that they will utterly destroy all worms.

**CANADA'S PULP AND  
PAPER INDUSTRY**

The pulp and paper industry is the most important manufacturing industry in Canada, heading the list in 1929 for gross and net values of manufactured products, as well as for

### SAVE BY SHOPPING THE CASH PRICE WAY

## "There Never Was More Money Than There Is To-Day"--Roger W. Babson

*In 1931  
Build Confidence  
in Canada*

**D**EPOSITS in Canadian banks exceed \$2,100,000,000. On a basis of approximately ten millions of population, Canada's per capita wealth in reserve is \$210.00 for every man, woman and child in the Dominion. In the month of October, 1930, saving deposits increased \$75,000,000.

With a progressive, intelligent, literate people—with a land teeming with potentialities ninety per cent. undeveloped, Canadian business men can face the year with unbounded assurance.

Manufacturers to-day know that sales volume can be secured only by placing real selling effort behind a product. You—the manufacturer—have a brand of merit, Canadian people want to know about it—and they have the money to buy it.

"Merchandising success," says Babson, "depends upon two principal factors. These are:

factors are: first, good advertising in sufficient quantity; and second, a good product. No matter how good a product is, it must be sold. The best way to tell them is through the local newspaper."

Creative advertising can maintain confidence and is now helping to build more business in 1931. With the aid of advertising, existing markets can be expanded and new fields developed.

The first month of 1931 has brought with it the assurance of a gradual up-curve in all Canadian business. We are through the hurly-burly of the last fifteen months.

In the Daily Press of Canada merchants, manufacturers and capitalists of the Dominion have at their command a tested, potent instrument for building confidence and increasing consumption.

**ADVERTISE IN THE DAILY NEWSPAPERS OF CANADA**

*This advertisement is sponsored by The Canadian Daily Newspapers Association.*

children in the full assurance that they utterly destroy all worms.

BELLEVILLE, ONTARIO, WEDNESDAY, FEBRUARY 4, 1931.

CONSTRUCTION OF  
HOSPITAL HOME  
NOW APPROVEDMore is Made Following Re-  
port of the Ross Com-  
missionHOUSE OF NURSES  
Belleville Home is a Forerun-  
ner of Other Public Works  
to Follow

Belleville, Feb. 4.—Construction of a \$200,000 hospital home at the Ontario Hospital at Belleville, was approved by the Provincial cabinet yesterday. This is the first major unit in a plan whereby the Government will seek to implement the P. D. Ross commission report of last August.

The commission recommended the expenditure of \$200,000 on "substantial and immediate desirable additions to the improvement of the original, mental and reform institutions under the supervision of the Government," it is anticipated that Premier Henry will ask colleagues with respect to funding involving commencement upon the first \$100,000 of this \$200,000.

It is definitely learned that the construction of criminal, mental and reform institutions is the commission's recommendation to be adopted. The Government is to commission a study to be made in order to investigate this step in social legislation.

The Government intends to implement some of the study's recommendations. The Ross Commission during the coming year is expected to have the institutions in new looked up, as confirmed by Premier.

Announcement of the Government's approval of the new home at Belleville was confirmed by Premier Henry at his home last night.

The Belleville will be built on a site owned by the Ontario Hospital. The present quarters will be used for accommodation of patients.

"This construction work was recommended by the Ross Commission in its report," said Dr. J. M. Robb, Minister of Health, yesterday, "work will be started in the spring and will be a modern brick building embodying the latest improvements."

That the Belleville building is the forerunner of many similar improvements throughout the Province was indicated by Dr. Robb, who said that the construction work will be along the lines recommended in the commission's report.

While no confirmation was forthcoming from Government quarters, it is reliably understood that the next step in the construction program will be to build additional institutions in western Ontario, where the need of such improvements is great.

FRAME CHURCH  
TOTALLY BURNED

Belleville, Feb. 4.—Word reached here this morning of the destruction by fire of the Sacred Heart Roman Catholic Church at Belleville. The building that is believed to have caught fire from a box stove in the kitchen.

The church was a fine building and the adjoining rectory was also destroyed. The parish priest is reported to have been killed by the fire.

REMOVE SNOW AND ICICLES  
Removal of snow and icicles from roofs overhanging Piers and bridges and from ice bridges over the water caused from drippings from the roofs, has been begun.

FOUND FATALLY SHOT  
Kingston, Feb. 4.—Word was received here this afternoon from Belleville that Clarence James, 37 years, was found dead with a bullet wound in his temple and a bullet scar on his neck, at his home in Chertwinville, a small town in the western section of Ontario.

Investigating the circumstances, Coroner Dr. T. M. Chisholm decided that it was of a sudden death and a presumed mental condition, and declared that no inquest was necessary.

FAMOUS BRITISH LEAGUE  
WILL OBTAIN CANADIAN TELEGRAPH SYSTEMS WITHIN  
A FEW YEARS

London, Feb. 4.—The British Empire League, which has been in Canada for some weeks, is preparing a proposal to the Canadian Government, which will enable the British Empire League to obtain the Canadian telegraph system within a few years.

EXPLOSION ON  
UNDER-SEA BOAT

London, Feb. 4.—One man was badly burned and several others were seriously injured today when an explosion occurred on one of the boats submerged in the British navy's submarine in the British navy's submarine in the British navy's submarine.

BRITISH ISLES  
SWEEPED BY GALE

Wind Felt Drift—The First High-Tide Service Disrupted  
London, Feb. 4.—The winter's worst gale and blizzard struck the British Isles, sweeping death and destruction over a wide area. Ships were battered by heavy seas, telegraph lines in the north were down, and the whole land was threatened to paralyze transport services.

The death toll in the north of Ireland had reached three last night. Many cattle were killed. The British train schedules were disrupted. Passengers on coastlines were killed.

The wind piled snow drifts four to six feet along roads throughout the north country. Three landline bridges on the Atlantic coast road and disrupted telephone and telegraph services.

ESTATE VALUED  
AT HALF MILLION

Kingston, Ont., Feb. 4.—Apposition to the estate of the late H. P. Richardson, son of the late H. P. Richardson, who died last night, was valued at half a million. The estate consists of bonds, stock and life insurance and is valued at \$500,000 to the Kingston Children's Hospital and \$250,000 to the Kingston Children's Hospital.

DEATH FOLLOWS THIRTY FOOT FALL  
FROM TRESTLE TO FROZEN STREAM

Guilford, Feb. 4.—Serious head injuries sustained yesterday when a boy fell a distance of thirty feet from a trestle bridge over a frozen stream. The boy was killed. The trestle bridge was built by the Kingston Children's Hospital.

Proton which can be learned, the girl mother again.

FAMILY LING  
IN DISTRESS

Walling of Small Boy Attacked Constable and Mother was Removed  
The walling of a small boy, aged five, and his mother, who were in the street at two o'clock on Monday night, was investigated by the police.

WOMEN'S SECTION  
OF COUNTRY CLUB  
NAME OFFICERS

At the home of Mrs. S. D. Lader yesterday afternoon the annual meeting of the Women's Section of the Country Club was held. The officers were elected for the year.

COUNTRY ORANGE  
LODGE CONVENES

Clem Ketcheson is Named Master for Ensuing Year  
South Hastings County Orange lodge met in many ways at the Grand Hotel, Front Street, Belleville, in an annual meeting.

ESTIMATES 300 DEAD  
IN ANTIPODES QUAKE

Wellington, New Zealand, Feb. 4.—An estimate of 300 dead in the Antipodes, New Zealand, was made by the British Empire League, which has been in Canada for some weeks.

FARMER RANS AWAY  
WITH LOADED WAGON

Seattle, Wash., Feb. 4.—Three persons were killed here today by William Clark, 52 years old farmer of Kent, who fired a bullet into the back of the head of a man who was driving a horse-drawn wagon.

GERMAN PLANE'S  
JOURNEY HALTED

Both Motors of Giant Structure Down in Gulf  
LASH PALMAR, Ontario, Feb. 4.—Lashed by gale winds in the Bay of Chatham, several days ago, the German plane, which was on its way to the United States, was forced to land in the Bay of Chatham.

SUPREME COURT  
FAVORS OTTAWA  
ON LANDAPPEAL

Question Outcomes of Return of Provincial Natural Resources  
AGAINST SASKATCHEWAN

No Accounting Necessary by Dominion for Land Allotted Prior to 1870

Ottawa, February 4.—The province does not have to account to the Dominion of Saskatchewan for lands which it has allotted prior to 1870. The decision was handed down in the Supreme Court of Canada today.

The decision is in favor of the Dominion in a reference to the Supreme Court of a series of questions of the Saskatchewan Government, which was made in the Supreme Court of Canada today.

WINTER BREEZES don't necessarily mean one FREEZE!

—not with one of these snug and smart Coats.

## QUICK & ROBERTSON

CORRECT CLOTHING FOR MEN

### On The Sport Trail

Anyways a Belleville team reached a playoff and tomorrow night the first game will be played in Kingston. Kingston defeated their remaining intermediate game in Trenton, which left Belleville and Trenton in a tie for first place. The series will be a two-game affair with plays to come on the road and the winner to meet Trenton in the final of the series for the group championship. These two teams represent the best of the group and the series is being played in a very interesting manner. The game will be played in Belleville on Saturday night. The locals will be considerably reinforced for this series and they expect to emerge the winners.

Tonight the Junior club go into action against Kingston in a league game and they are just "warming up" the "sting" of that 3-2 defeat is still ranking in the brains of the players and they are looking for the win to make the count as high as possible. The game they are to play is a knockout play and their best chance to enter the playoff will be Kingston in a tie to win before their schedule is completed. Queens' Jesters think they can do the trick. Nevertheless the locals are trying to finish second and if Kingston does slip, the game will be the deciding contest. The Junior play in Queens' on February 13th and they will be game again.

The seniors are working hard for their game in Kingston with Queens' on Friday night, a game that means much to them. Stan Morgan is changing the system completely and expects to have results. All the rest looked on Saturday night as the will be here in few weeks. Their shots were being released from near the blue line and there were made to order for Morris. Again the forwards were allowed the front line and defense of Queens' to break fast from their own defensive area.

BOOKS! EDITIONS RETAILING \$2.00 to \$5.00 OUR PRICE \$1.00 to \$2.00 Dr. McKeown's DRUG STORE

while the locals were held in check on their millies ship became the front line of Queens' were waiting for them to come out from their blue line and they started the length of the ice with them. Belleville has as good a team as Queens' individually, but they failed to exhibit the speed collectively that Queens' showed. The here think they can win if they get a break and it is hoped that the next referee that is secured for the game will be a referee for the league is engaged.

The local basketball team is being played tonight at the local meeting hall in a knockout game. Practically every member of the club is turning out and the management expects to have one of the best nights in the history of the club. There will be no draw lines and some night with twelve ends in each game. The slips and risks will be played before the first game and the management has requested that all players be on hand. The slips will follow this one and the club is still having a most successful season. The club games have reached the focus and the semi-finals will be ended early next week.

### Recreation Alleys

In the Kingston Queen's League play at the Recreation Alley, the Lucky Strike took three points from the Blue Bull. For the Lucky Strike Mrs. E. Leaton was high with 394 and for the Blue Bull Miss Kerr with 447. The locals took three points from the Blue Bulls. For the Recreation Mrs. E. Leaton was high with 447 and for the Blue Bulls Miss Kerr with 447. The locals took three points from the Blue Bulls. For the Recreation Mrs. E. ## TWEED'S HOCKEY TEAM BEAT MADOC

### Chief of Late Duncan McKenzie, Extended Record

Madoc, Jan. 31.—In the international series, Madoc's hockey team defeated Tweed's team on Thursday evening. A good game was given by both teams, and a record was made for the night.

The record was made during the first period, while Tweed scored their only goal in the second. The time period was recorded, with the final score being 1-0 in favor of Tweed.

The return game will be played on Saturday afternoon at Tweed's rink. The game is expected to be a close one.

The return of the late Duncan McKenzie, who died on Monday, January 31, at the age of 72, is being held in the Tweed rink on Saturday, February 4, at 7 p.m.

The funeral of the late Duncan McKenzie, who died on Monday, January 31, at the age of 72, is being held in the Tweed rink on Saturday, February 4, at 7 p.m.

Hugh Coulter, one of the most widely known of County of Hastings agriculturists, died last night at the homestead, Chapman's Corners, in his eighty-sixth year. He was in failing health for some years and his death was not unexpected. He is survived by his widow, three sons and two daughters, the sons being Addison, George, and Samuel O. of Hungerford and Harry residing on the homestead in Hungerford and the daughters, Mrs. Fred Blakely of Hungerford and Mrs. A. C. Porter of Huntingdon.

The late Mr. Coulter was one of the farmer class who made his influence felt in the way of good farming. He was prominent in the agricultural circle and his attitude on farming as an industry. In politics he was a Conservative and in religious

persuasion a member of the United Church. Socially he was held in the highest esteem by a large circle of friends in all parts of the Bay of Quinte district.

The funeral will take place on Fri-

day to Bethel Church, Hungerford, and burial will be made in the cemetery at Thomasburg.

**AUDITORIUM OFFERED**

Oshawa, Feb. 3.—Through the generosity of executives of General Motors of Canada, Limited, the company's large auditorium will be available free of charge to the Canadian Legion for its provincial convention to be held here late in August.

cation and Recital of piano and sing  
ing will be held Friday evening, Feb.

8th, at 3 o'clock in the College  
Memorial Hall. 14-23.

## DEATH TOLL IN EARTHQUAKE IS STILL MOUNTING

**NEW EARTH TREMORS**  
Authorities Speed up Evacuation of Antipodes Sea-

Martial law was declared and no one was allowed in the business district.

to remove the refugees to camps where they may be cared for. With every hour the death toll is mounting and tonight the Red Cross officials estimate the number of dead in Napier, Hastings and surrounding villages still

Napier, New Zealand, Thursday, 7  
5—While Red Cross officials today  
counted the dead in Tuesday's earl  
quakes at considerably more than  
000, new shocks were felt in this  
region and belabored the alarm

**Fresh Fires**  
The fresh tremors crumpled many buildings which had been weakened by the first shocks and increased the likelihood of fresh fires joining the

Officials feared that the number of dead would go above even the latest estimate, for tons of debris have as yet been explored, and many more

In the meantime more than 1,000 persons, many severely injured, have

The bodies of 37 victims had been identified today.

ing the injured, searching the ruins for still living victims and preparing for a general evacuation of the city before disaster could follow in the steps of disaster.

The expression "wiped from the

map" may be used advisedly, for not only have the man-made structures of Napier been razed but the actual topography has been changed so that existing maps fail to describe with accuracy whatsoever the coastline.

**Contour Changed**  
Bluff Hill and other high promontories were tossed by the mighty force of the earthquake into the sea. The floor of which has so risen that even small boats cannot approach it.

There was a sad stir and bustle, especially today when authorities prepare for examinations of the site to assess the damage.

The inhabitants had little to do to prepare for leaving, however, as in most cases all they had in the

was destroyed when their homes collapsed and fire spread through the ruins.

But all wanted to make a last visit to their ravaged homes and perhaps a final search in the debris.

some trace of their loved ones. When the calamity burst on the town with all the suddenness of a thunder clap.

One of the lost statues of the Parthenon, buried for years in a pile of "junk" marble near the venerable ruin, has been found.

**Aunt Jemima's Pancakes**  
toothsome, tender,  
delicious

**S**TEAMING hot, fluffy-light pancakes of Aunt Jemima . . . on top a pat of golden butter, melting . . . covered with syrup, or with crisp bacon nestling by. Just the most delicious dish for breakfast . . . or for lunch or supper, too. And how they disappear at the table! How the stacks of steaming cakes vanish before luscious appetites!

They are the easiest of all pancakes to make, for Aunt Jemima Pancake Flour is prepared to stir with equal parts of water or milk. Then cook over a moderate fire . . . that's all you do! No waste, for you mix only what you need.

**BUCKWHEATS, too**—Many men prefer buckwheats for breakfast and supper in cold weather. Use Aunt Jemima prepared Buckwheat Flour. For variety have a package of both Aunt Jemima Sours in the pantry all the time.

"We're in Town, Henry"

Through the Lenten season you'll naturally serve pancakes two or three times a week. Serve Aunt Jemima's . . . pancakes made by the most famous recipe in the world.

**GOLDEN DAWN** by **PETER B. KYNE**

JOHN STREET CHURCH  
MISSIONARY SOCIETY

The regular monthly meeting of the W.M.B. of John St. United Church was held in the church hall on Wednesday afternoon, Feb. 4th, with the president, Mrs. Cook, in the chair. The opening hymn was "O Love that will not let me go." The devotional theme being "Love." Mrs. Moore read the Scripture lesson from Moffatt's translation of the 5th chap. of Galatians and offered prayer. Reports were received from the Secretary and

Treasurer, also from the various other departments. A short reading was given on Christian Stewardship by Mrs. Tuivance, followed with a reading on Temperance by Mrs. Cronk, after which Mrs. Denike gave a very good report of the Presbyterian Convention held in Pictou, Jan. 21st and 22nd. Mrs. Singer then sang a pleasing song, "Japan." The subject for the afternoon was

The afternoon was "Missions and Missionaries" under the leadership of Mrs. Ferguson, who gave an excellent paper on the above. Mrs. Toveil followed with an interesting paper on School and Church work in Tokio, after which Miss Jean Bankier of the C.O.I.T., in Japanese Costume told a beautiful Japanese story which was much appreciated. Mrs. Blinn then

**STIRLING**  
Stirling, Feb. 4. (By Mail)—St. Paul's League met on Monday night with an attendance of seventy-three. Rev. Harry Rulin in the chair, responsive reading of Scripture was followed by Mrs. Livingston leading in prayer. After the confirming of the minutes of previous meeting, Mrs. Prescott read a very interesting letter from Harold Alcombrack, who is a mediator around Panama. Gladys Jobbins took the chair and after the singing of a hymn; a dialogue entitled "What is a Gentleman" was presented by Clarence West, L. Rowland, Bobby Jones, John Monroe,

which was cleverly acted, this was followed by a vocal duet by Ruby and Edward Richardson, then the speaker of the evening was introduced, Mr. Arthur Wilson of West Huntington, who as usual gave a splendid address bringing out the ideas of young folk leaving an aim in life other than money getting; taking up militarism and the aim Napoleon had, as compared with Queen Victoria whose aim was to have her Empire's laws based on the principles laid down in the Bible.

The meeting closed with the singing of hymns by Misses W. B. Martin, Harold Martin, J. S. Morton and G. H. Henry. The Convention closed the Convention held at Madoc on Tuesday, Feb. 2nd.  
 Mr. Andrew's Guild met on Monday evening and was a good attendance. The program was a singing of the Smith song book and was a musical nature. Miss Evelyn Drewery presided over the meeting. After the opening hymn, Mrs. Rollins gave the Scripture lesson and in the 10th chapter of John. There was an approval of minutes, Mr. Morrison gave the dedication with a stirring violin solo, accompanied by Mr. Charlie Allan then a musical pas-

"Happy Days" was staged. The Days consisted of the different parts of the year: New Years, Valentine's, Patrick's, Easter, Graduation, School Days, Halloween, Thanksgiving, Christmas, each one had a Bandstand on which performed the holiday he or she presiding and each sang a solo version of the holiday which was enjoyable and displayed great talent. Miss Smith for her training: Mrs. -Phyllis Mitchell, Training-James Ward.

# PHILCO Baby Grand Radio

**MODEL  
20  
LOWBOY**

An ideal set for the small  
rooms or apartment dwellers  
the elegant cabinet model has  
just the space for a standard  
size lamp. Beautiful cabinet  
and American Black Walnut and  
Pinto-Kay Maple, African  
teak and iron. A  
wonderful change as in the  
Grand. One over all 30 in.  
inches high. 10 inches wide.  
18 in. inches deep. Price,  
\$104.95  
see below

More than twice as many Philco Baby Grand sets were sold in Canada in 1930 as all other sets of similar size combined — any owner of a Philco Baby Grand could tell you why. Could tell you that it has nothing in common with so-called "midget" sets . . . that no other set they have ever heard of can double the price could begin to equal it in performance. And no wonder, when you consider what you get in a Philco Baby Grand — seven tubes, three of them screen grid, genuine electro-dynamic speaker, illuminated station recording dial, standard Philco Balanced Unit construction which eliminates distortion and creates the rich, true clear big Philco tone.

[illegible]

Whether you are buying a compact set as an "extra" or as your only set, take no chances—see that it is a Philco Baby Grand. Your Philco dealer also offers a complete line of Philco radios: in Screen Grid and Superheterodyne-Plus including the wonderful new Screen Grid Radio-Phonograph combination at \$150.30.

WOOD MORNINGS, MY LITTLE PINE NEVER SEEM TO LOOK SO CHARMING AS YOU DO THIS MORNING.

BUT WHAT WILL I CAME IN HERE TO SAY? SOMETHING OFF MY MIND AND YOU CAN'T SIDE TRACK ME.

DON'T TRY TO OVERE ANY MORE PLEASE.

YOU WERE PUTTING ON ME WHEN YOU WERE TRYING TO BE MADE FRIENDLY BY SAYING YOU WERE THE ONLY TYPE YOU'D PAY OUT MONEY ON WHEN YOU'LL GET THE TURKEY PERCENT FOR IT.

IT DIDN'T HAVE TO BE THIS TECHNICAL STRONG I'LL HAVE TO WEAKEN UP OF HEEDING TO YOU.

### Men's Plain Overs

Excellent quality black overs, for men—with a good wearing corrugated sole. Sizes 4 1/2 to 10 1/2—**79c**

## HEILD BROTHERS CHOOSE KINGSTON FOR THEIR SITE

Letter from David Heild to  
Ald. Fisher Explained  
Decision

**BUILDING READY**  
Kingston Wood Industry  
By Having the Building  
Required

According to reports appearing in the Toronto papers, Messrs. Heild Brothers Ltd., English saw manufacturers, have chosen the site of Kingston as the location for their Canadian branch factory.

In view of the fact that reports have become generally circulated that this company had decided to locate at Belleville, the Industrial Department of this city has thought it well to give publication to the letter that appears below. The letter from Mr. David Heild, president and general manager of the company, written to Ald. Fisher from Montreal, makes it abundantly clear why Kingston was given preference in the choice.

Tentative agreements were reached with the representatives of this company by Mr. R. J. O'Hanlon and the Belleville City Council. Mr. O'Hanlon made a generous offer in regard to

the factory property on Peninsula Rd., in the spot he gave and the City Council was equally generous in regard to certain municipal concessions that were requested.

But, when it became known that the factory building at Kingston, occupied until recently by Dominion Textiles Ltd., had been placed on the market at a price almost nominal for so extensive a property, it was at once realized that no possible offer could be made by the people of Belleville would reasonably merit this competition.

The Kingston factory is more than three times the floor area of Mr. O'Hanlon's building and was erected for the specific purpose to which it will now be devoted.

Let it be said that the City of Kingston has played the game with absolute fairness and has won out for the spinning and weaving process.

In the first place, we have a considerable extension which will accommodate at least 100 looms, and then we have a three-story building that is laid out specially for spinning, and just about the size of a building that we should have. In other words, what Belleville was well-served for weaving the Kingston property is even better adapted for weaving and, as well as that, is a perfect building ready for spinning.

In addition to this mill has a basement containing four boilers, and what we do not intend using in power, these boilers would be extremely useful if we should decide to do our own spinning.

The Kingston mill is on the Lakefront and we can therefore procure fuel at a low cost.

Montreal, Que., February 5, 1931.

Alfred J. Fisher, Belleville, Ontario.

My dear Mr. Fisher:

As I told you on the phone this morning my brother and I have been reluctantly obliged to decline the offer for the property in Kingston. The building in Kingston is perfect for our requirements, and it might

be better adapted for spinning, and, as well as that, is a perfect building ready for spinning.

In addition to this mill has a basement containing four boilers, and what we do not intend using in power, these boilers would be extremely useful if we should decide to do our own spinning.

The Kingston mill is on the Lakefront and we can therefore procure fuel at a low cost.

the water we need for the bare cost of pumping a few yards distance. The Kingston mill has 100 looms, and then we have a three-story building that is laid out specially for spinning, and just about the size of a building that we should have. In other words, what Belleville was well-served for weaving the Kingston property is even better adapted for weaving and, as well as that, is a perfect building ready for spinning.

In addition to this mill has a basement containing four boilers, and what we do not intend using in power, these boilers would be extremely useful if we should decide to do our own spinning.

The Kingston mill is on the Lakefront and we can therefore procure fuel at a low cost.

OSHAWA MARCHED TO EASY VICTORY AT HOME.

Oshawa, Feb. 8.—Oshawa's undefeated Red Shield intermediates outlasted Peterborough 9-4 at the local arena Saturday evening to win the O.H.A. championship cup of the second tier of the round. The local over-

more finished team from the east, and although the Oshawa players were not hard at all to see they did play formidable. The game was crucial, three penalties being meted out.

Oshawa—Goal, Levesque; defencemen, Scott and Johnson; centre, Ross; wings, Rowden and Bisset; subs, Robinson, Collins and Ross.

Peterborough—Goal, Hedges; defencemen, Tackie and Callender; centre, Mashevsky; wings, Mattson and Cropp.

Nothing Smarter

In the quest of smartness these days, one is apt to overlook the fact that the costume really is not complete unless a dainty ring adorns the hand. It may match one's necklace, or be of contrasting colour—either way it is most smart.

# FORT WILLIAM SEEK TO REGAIN HOCKEY CROWN

Thundering Head from Head of Lakes Again Strong

Windsor, Feb. 7.—Another Olympic champion is in full swing—and up from a three-year exile, the head of the lake has today a hockey team that rivals in its desire to lead. The team, which has been in the city for some time, is in a quest to represent Canada at the 1932 Olympic, again after it has been here before, and this time the Fort William club may make one of their most successful trips.

After a season of their travels, the team has been to the Allan Cup tournament in Toronto. Fort William has found the way to the Allan Cup by the way of Fort Arthur. In the process of building and rebuilding, the Fort William team has been through a number of changes, and today they have still to build the team into a power. The team is now in a position to build the team into a power, and today they have still to build the team into a power.

Only one player from the team that had the Varsity Cup four years ago is in the Allan Cup team at Vancouver, and that is by a long way, the team has been built up from scratch. The team is now in a position to build the team into a power, and today they have still to build the team into a power.

Lahey, one of the cleverest goalkeepers in the Canadian when he played with the University of Toronto, who, bolstered his team with players from Kenna and Fort Arthur, Herbie Lahey, who played for the University of Toronto, who, bolstered his team with players from Kenna and Fort Arthur, Herbie Lahey, who played for the University of Toronto, who, bolstered his team with players from Kenna and Fort Arthur.

Up front, two strong forward lines have been built up, and the team is now in a position to build the team into a power, and today they have still to build the team into a power.

Fort William is now in a position to build the team into a power, and today they have still to build the team into a power.

# For Constipation PIERCE'S Pleasant Pellets Dissolve Easily

Radio-Finding Apparatus Has Been Perfected

London, Feb. 7.—Two new pieces of wireless apparatus intended to improve and to simplify the system of radio-finding, have recently been perfected. One which estimates the range of the radio waves, and the other which estimates the bearing of the radio waves, are being tested at night by the British wireless at Plymouth, and the results are being sent to the Admiralty.

The former of these, the Marconi radio-finding apparatus, is of great importance in the probable case of night flying. At present only the British night mail service is being used for this purpose, but a similar German service has been organized and is being used for the purpose of night flying.

The latter of these, the Marconi radio-finding apparatus, is of great importance in the probable case of night flying. At present only the British night mail service is being used for this purpose, but a similar German service has been organized and is being used for the purpose of night flying.

# Extraordinary! The 1931 BOSCH 8 Tube Console

## One of the Finest Radio Offerings This Season! Save 89.50!

These are new, fully guaranteed, factory tested instruments. A quality radio at a price you would expect to pay for a less efficient machine. See it in the window!

**THE BOSCH CONSOLE**—one of the leading sets on the radio market, regularly priced at \$229, offered Thursday at a saving of \$89.50. Truly a remarkable offering! The Bosch radio is actually a masterpiece—the carefully shielded receiver carefully cushioned against vibration—five tuning condensers instead of the usual four which gives amazingly selectivity. These machines offered at \$139.50 are not of floor stock—but new, factory tested radios, bearing the famous Bosch name and containing its outstanding features. Hear it in operation—note its strikingly designed cabinet—the value is one that will not be eclipsed this season!

**Featured in the Bosch Console**  
Eight Tubes, including 4 screen grid  
Efficient Tone Selector  
Push-Pull Amplification  
Five Tuning Condensers  
Sensitizing Shielding  
10-inch Electro-Dynamic Speaker  
or  
Exquisite Tonal Qualities  
Full Power and Amazing Selectivity  
Handsome, Polished Cabinet.

Remember! Our 90-Day Free Service on tubes and set guarantees your absolute satisfaction. Ask us about it!

Deferred Payment Terms Pay 13.95 Down  
in equal monthly payments of 12.44 a month.

REGULARLY \$229

**\$139.50**

In a great lot of leather handbags that offer value superior to any thing we have offered in some time. **1.98**

# 17TH ANNUAL MEETING OF KINGSTON PRESBYTERIAL AT ST. ANDREW'S CHURCH

F. C. Vevey of Parkdale  
Church, Toronto, Was the  
Chief Speaker

The seventeenth annual meeting of the Kingston Presbyterial W.M.B. of the Presbyterian Church in Canada was held in St. Andrew's Church on the afternoon and evening of Tuesday, Feb. 10th.

Devotional exercises were conducted by members of Deseronto Auxiliary after which Mrs. Morrie welcomed all delegates to the beautiful city of Belleville and to St. Andrew's Church in particular. This was also responded to by Miss M. M. Kells of Deseronto.

Minutes of the afternoon session of the summer meeting held at St. John's were read also those of previous executive meetings. The following resolution was passed namely: That all Departmental Secretaries who are unable to attend the Executive held previous to Jan. 26th send in a written report of the work done to corresponding secretary.

The President's address was given by Mrs. Geo. Reid of Belleville. She stressed the importance of sectional meetings and advised that these take place in the summer months at the same time as the regular Presbyterial meetings held. She also requested that all auxiliaries wishing speakers for either Winter or Summer Thank Offerings should communicate with her in the near future.

The Corresponding Secretary's report was read by Mrs. Duff, showing an increased interest in the work and making special mention of the splendid service attendance maintained in several auxiliaries.

The Treasurer's report given by Miss Fowler was encouraging in that the Presbyterial contributed a larger sum than last year although it did not quite reach the increased allocation. An interesting letter was read from Mrs. McLennan, P. C. of Deseronto, commending greetings and certain items of social interest.

The Presbyterial was delighted to have a Provincial representative in the person of Mr. A. J. Anderson. He turned a most interesting service and advised that we carry the same spirit of self-reliance into our W.M.B. work that we so willingly exhibited during the war.

Round-robin reports were given by the various Departmental Secretaries. The House of Representatives reported that the Library Department continued its work of providing reading material to all members. The House of Representatives also reported that the House of Representatives continued its work of providing reading material to all members. The House of Representatives also reported that the House of Representatives continued its work of providing reading material to all members.

The Presbyterial was pleased to accept the kind invitation of the Deseronto Auxiliary for the summer meeting to be held in June and a delegate was appointed to attend the annual meeting in Windsor.

The evening session opened with Devotional Exercises led by Rev. A. J. Anderson and sustained by Rev. J. A. McFarland.

Rev. A. J. Anderson of Parkdale Church, Toronto, gave a most inspiring address on the problems facing the Christian Church in this particular time. His experience as Minister of the Church in Japan enabled him to speak with authority as to the political and religious condition of the Orient in general.

The officers for 1931 were suitably installed by prayer led by Rev. W. B. McFarland and after hearing the reports of the Nominating and Resolutions Committees the meeting was closed with the benediction pronounced by Rev. J. A. McFarland.

Physically and financially it is good to find that the Kingston Presbyterial is in such a position that it can be used as a model for many communities as well as for the future. For some time, group meetings, though, pains in the chest and the heavy burdened shoulders it has quite often been unappreciated. A bottle of medicine and it is no longer in always having it at hand.

**PRASIN BEND AND FLAX**  
Experiments in the production of hemp and flax for fibre are being carried on at a number of the Experimental farms in the Prairie Provinces and at Agassiz, B.C., but the greatest problem in the prairies is to obtain sufficient moisture in the soil to grow the fibre. Attempts are being made to solve this problem by snow or water saving.

## Meet the Makers of "Melody Mike"

The Canadian Radio Radio  
"Melody Mike" every Monday  
night has grown into the most  
popular radio programme in  
Canada.

Devotional exercises were conducted by members of Deseronto Auxiliary after which Mrs. Morrie welcomed all delegates to the beautiful city of Belleville and to St. Andrew's Church in particular. This was also responded to by Miss M. M. Kells of Deseronto.

Minutes of the afternoon session of the summer meeting held at St. John's were read also those of previous executive meetings. The following resolution was passed namely: That all Departmental Secretaries who are unable to attend the Executive held previous to Jan. 26th send in a written report of the work done to corresponding secretary.

The Treasurer's report given by Miss Fowler was encouraging in that the Presbyterial contributed a larger sum than last year although it did not quite reach the increased allocation. An interesting letter was read from Mrs. McLennan, P. C. of Deseronto, commending greetings and certain items of social interest.

The Presbyterial was delighted to have a Provincial representative in the person of Mr. A. J. Anderson. He turned a most interesting service and advised that we carry the same spirit of self-reliance into our W.M.B. work that we so willingly exhibited during the war.

Round-robin reports were given by the various Departmental Secretaries. The House of Representatives reported that the Library Department continued its work of providing reading material to all members. The House of Representatives also reported that the House of Representatives continued its work of providing reading material to all members.

The Presbyterial was pleased to accept the kind invitation of the Deseronto Auxiliary for the summer meeting to be held in June and a delegate was appointed to attend the annual meeting in Windsor.

The evening session opened with Devotional Exercises led by Rev. A. J. Anderson and sustained by Rev. J. A. McFarland.

Rev. A. J. Anderson of Parkdale Church, Toronto, gave a most inspiring address on the problems facing the Christian Church in this particular time. His experience as Minister of the Church in Japan enabled him to speak with authority as to the political and religious condition of the Orient in general.

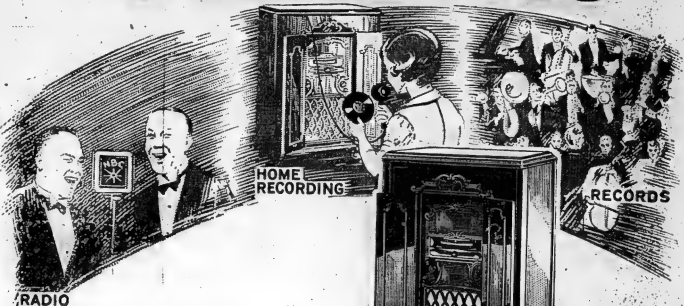

The officers for 1931 were suitably installed by prayer led by Rev. W. B. McFarland and after hearing the reports of the Nominating and Resolutions Committees the meeting was closed with the benediction pronounced by Rev. J. A. McFarland.

The evening session opened with Devotional Exercises led by Rev. A. J. Anderson and sustained by Rev. J. A. McFarland.

Physically and financially it is good to find that the Kingston Presbyterial is in such a position that it can be used as a model for many communities as well as for the future. For some time, group meetings, though, pains in the chest and the heavy burdened shoulders it has quite often been unappreciated. A bottle of medicine and it is no longer in always having it at hand.

**PRASIN BEND AND FLAX**  
Experiments in the production of hemp and flax for fibre are being carried on at a number of the Experimental farms in the Prairie Provinces and at Agassiz, B.C., but the greatest problem in the prairies is to obtain sufficient moisture in the soil to grow the fibre. Attempts are being made to solve this problem by snow or water saving.

# You get All the Entertainment on the VICTOR COMBINATION

Now you can easily own  
this wonder instrument  
For . . .  
Victor allows  
\$60

for your old  
Radio or  
Phonograph

Your Victor dealer will also  
make you a liberal allowance  
for your old instrument—  
radio or phonograph—on the  
purchase of any other new  
Victor Radio model.

Here's the life of the party . . . making your  
own records on Victor Radio Recording  
Electrola. Get a vocal "snapshot" of the voices  
you love . . . a record of baby's birthday party  
... close harmony singing of your guests . . .  
and broadcasts by famous artists.

All may be yours permanently through Victor's  
remarkable home-recording device . . . to be  
played again and again . . . to be mailed to  
loved ones far away.

Then vary your entertainment at will. Bring  
in the radio program you want with that full

richness which only Victor tone can give . . .  
hear Victor Records with a degree of realism  
which only the new and improved Electrola has  
achieved . . . Could any entertainment be more  
complete . . . more thoroughly satisfying?  
And now all this varied enjoyment is easily  
within the reach of every old radio or phono-  
graph owner . . . for your Victor dealer will  
allow you \$60 on your old instrument against  
the purchase of this greatest combination. As  
this offer is good for only a limited period,  
make sure you are in time. Reserve yours  
to-day—on easy terms.

lie: a cent per horsepower on passenger car automobiles.

A large proportion of the land situated in Hen's County and throughout the Annapole Valley, were used for non-productive, while now the industrious Dane's tax is being levied in maintaining schools and municipal and community institutions. It is just beginning to make itself felt. They have brought \$50,000 worth of land into Nova Scotia, and confidence in their ability to derive a living from the soil well established.

Poland has established a unemployment relief tax of about one-fifth of a cent per horsepower on passenger automobiles.

# FIRST EMPIRE SHOP OPENED IN ENGLAND

London, Eng., Feb. 12.—The first Empire Shop, as organized by the Empire Marketing Board, has opened in London, under the management of Mr. William L. Macdonald, under-secretary for Dominion Affairs, in the first of a series of similar shops to be opened in the Empire.

For six months all kinds of Empire produce will be displayed in the shop, and small samples will be sent to the 148 Empire countries which will occupy the first period of about three months. The shop is located in the Strand, and will be the first of a series of similar shops to be opened in the Empire.

The shop is a large room, and is well equipped with all the latest in Empire produce. It is a demonstration of the Empire's resources, and is a valuable asset to the Empire's marketing efforts. The shop is a valuable asset to the Empire's marketing efforts.

The second period of the Empire Shop, which opened on February 1, when New Zealand took its place, will be the last of the series. The shop will be a valuable asset to the Empire's marketing efforts.

Intensely and efficiently it is good. The growing period of Dr. Thomas' Electric Oil is that it can be used in the most efficient manner, and is a valuable asset to the Empire's marketing efforts.

The first of the series of similar shops to be opened in the Empire, will be a valuable asset to the Empire's marketing efforts.

A number of horses arrived at the Ontario Jockey Club, and were sold to local buyers. The horses, all bred in the United States, were sold to local buyers.

The first of the series of similar shops to be opened in the Empire, will be a valuable asset to the Empire's marketing efforts.

## "There Never Was More Money Than There Is To-Day"--Roger W. Babson

**In 1931  
Build Confidence  
in Canada**

**D**EPOSITS in Canadian banks exceed \$2,100,000,000. On a basis of approximately ten millions of population, Canada's per capita wealth in reserve is \$210.00 for every man, woman and child in the Dominion. In the month of October, 1930, saving deposits increased \$75,000,000.

With a progressive, intelligent, live-rate people—with a land teeming with potentialities ninety per cent. undeveloped, Canadian business men can face the year with unbounded assurance.

Manufacturers to-day know that sales volume can be secured only by placing real selling effort behind a product. You—the manufacturer—have a brand of merit. Canadian people want to know about it—and they have the money to buy it.

"Merchandising success," says Babson, "depends upon two principal factors. These two

factors are: first, good advertising in sufficient quantity; and second, a good product. No matter how good a product is, it must be sold. The best way to tell them is through the local newspaper."

Creative advertising can maintain confidence and is now helping to build more business in 1931. With the aid of advertising, existing markets can be expanded and new fields developed.

The first month of 1931 has brought with it the assurance of a gradual up-curve in all Canadian business. We are through the hurly-burly of the last fifteen months.

In the Daily Press of Canada, merchants, manufacturers and capitalists of the Dominion have at their command a tested potent instrument for building confidence and increasing consumption.

# The News of the Week Told in Pictures

TWO CANADIAN AIRMEN IN THE NEWS

Brenton L. Wason (left) hero of the search for the late Capt. Burke and the search of Burke's two companions in the Yukon, who is planning a transcontinental flight with a new plane. Norman C. Terry (right), former member of the Royal Canadian Air Force, who with excellent results was for fourteen days in 1928 after a forced landing on an ice floe in the Hudson Strait, has been appointed Inspector for the Aircraft Inspection Department at Vancouver, B.C.

CANADA SPEED SKATING STARS IN ACTION

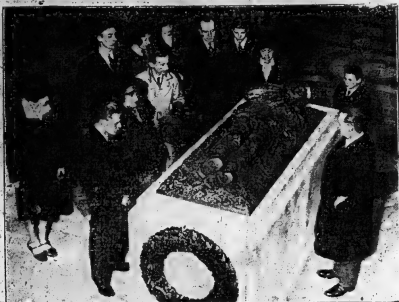

Wes Robinson (left) Canadian Speed Skating Champion, who is taking part in the Ottawa Winter Carnival championships this week, and Lela Brooke Foster (right), one of Canada's most persistent women speed skaters, who also is striving to win some speed titles at Ottawa.

ROYAL BOOSTERS RELAX

The two Royal travelling salesmen from Great Britain are here seen enjoying a reprieve from the strenuous duties attendant upon their post-hill tour to South Africa. The Prince of Wales (center), and his brother, Prince George (right), were photographed as they approached the first green at the Kingston, Jamaica, golf course.

FAMOUS SCULPTOR'S MASTERPIECE GOES TO AUSTRALIA

The statue of a dying soldier, created by the late George Lambert, is here seen at Australia House, London, where it was on view previous to its transportation to Sydney, where it will be placed in St. Mary's Cathedral, and unveiled on Anzac Day.

PREMIER BENNETT PRESENTS COVETED "MURDER" TROPHY

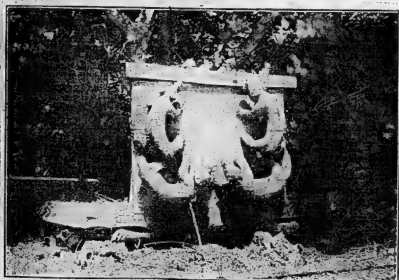

Mr. H. H. Bennett, Prime Minister of Canada, is here seen presenting the "Canadian Murder" trophy to Mr. R. H. Cochrane, famous dog trainer, who won it at Ottawa. Miss Mildred Bennett.

FOUR HUNDRED DIE AND THOUSANDS HOMELESS IN NEW ZEALAND EARTHQUAKE

According to the latest estimates more than four hundred persons were killed in the earthquake which shook the city of Napier and vicinity, on the North Island of New Zealand. In addition to the dead, more than one thousand inhabitants of Napier and Hastings were injured, and the property damage is colossal. The map at the left shows the area affected by the earthquake, while the photo on the right is a view of part of Napier which was severely wrecked.

INDIAN TOMB FOUND IN WEST REACHES NATIONAL MUSEUM

An Indian tomb, probably the last of its kind that ever will be found in Canada, has reached Ottawa from British Columbia and will be added to the collection of prehistoric Indian relics in the National Museum. The stone, which was discovered on the north shore of the Fraser river by Mr. J. Smith, Dominion ethnologist. Elaborately carved, the relic takes the form of a wooden sarcophagus mounted on a base of small animals known as "zoomorphic" mythical sea creatures. Only one other example of this type of tomb is known.

PRINCE'S DANCING PARTNER

Elizabeth Nichols, daughter of Commander Nelson Lord Nichols of Newport, who was chosen as a partner for several dances by the Prince of Wales at the ball in his honor at Union Club, Panama. She says His Royal Highness is charming man, but his brother, Prince George, is a much better dancer.

THE PRINCE AND HIS "COMMONER" BRIDE

Mrs. Eric Stenroos (left) of 217 W. 4th Street, a daughter of a prominent Swedish industrialist, who is to marry Prince Louis (above), only son of Prince William of Sweden and Duchess of Rosta Gausse. The young prince was obliged to relinquish his place in the line of succession to the Swedish throne before the marriage could be officially sanctioned.

SPEED SKATING CHAMPIONS CONGRATULATE EACH OTHER

Wes Robinson (left), speedy Canadian skater, who carried off all the major titles in the North American Speed Skating Championships at Ottawa, is here seen congratulating Lela Brooke Foster (right), who was also successful in winning the major events in the women's speed skating class.

FIRE DESTROYS PICTURESQUE OTTAWA CHURCH

Fire played havoc with the Church of St. Jean Baptiste at Ottawa this week before the fire-fighters were able to subdue the flames. The above picture shows the interior of the Roman Catholic Church before it was destroyed by the fire. The damage is estimated at \$400,000, which includes the gold altar valued at \$25,000.

# BOYS PREFER FARM TO FACTORY AT TRAINING SCHOOL

Given Choice of Academic, Industrial and Agricultural Course, Choose Latter ONE EXPERIMENT

Few Failures at Boys' Training School Where Agriculture is Most Popular

"Admission of the unprepared," declared the warden, who is in charge of the Boys' Training School at North York, according to Dr. G. E. Bennett, superintendent who was present at the weekly history gathering in the final period on Monday. A course and practice lecture of the kind and objects of the school, the methods and results was given by the speaker in a very interesting way. This school is under direction of the Ontario Government and was inaugurated by the late Premier, Hon. Howard Ferguson, Premier and Hon. J. H. Chisholm have taken a deep interest in the farm school and assisted financially.

Dr. Bennett gave an study view of the work which is being done at the practical school and has been so successful in results that not only the percentage of failures have been reduced, it is not a penal institution but a school in which boys who have trouble finding their proper sphere can find the vocation best fitted to their respective talents. Agriculture is the most popular of the courses and despite the fact that students in this department have to report for duty at 6 a.m. the classes are always full. The boys are lifted from the farm department to another until they locate the study which appeals to them and whatever line of study they choose they are placed in that department. Heavy mechanical, woodwork and various industrial studies are open to them, besides commercial courses. The general education of the students is the entire course. "There are one hundred and seventy boys in the training school at present and the school is in a very good position to receive more," said Dr. Bennett. "The school is in a very good position to receive more," said Dr. Bennett. "The school is in a very good position to receive more," said Dr. Bennett.

A ways system is operated by which the boys earn money with which they pay for extra clothing, etc., and when that property has a value. Classes are conducted up to school, three hours, and special attention is given physical development. "Candidates of the Training School as boarders are so proud of their status that they have formed the City Boys' Association in Toronto and similar associations are being formed in other centres throughout the province. It is an effort to keep the good influence of the school alive out of the school as well as in it."

W. PERKINS BULL CROSSES BORDER BOUND FOR HOME

Despite Critical Condition, Well-Known Legal Adviser, Brought to Toronto

MRS. BULL PRESENT

Air of Secrecy Surrounds His Removal From Windsor Hospital

WINDSOR, Feb. 19.—(CP)—W. Perkins Bull, K.C., known as a Michigan actor last Tuesday, left the hospital in the ambulance today. The destination was given as Toronto General Hospital. He was brought to the Windsor institution by the ambulance from Windsor, Mich., about 140 miles, despite the statement by the hospital authorities that his condition is critical.

WINDSOR, Feb. 19.—With an air of secrecy shrouding it, movements were made to the Windsor General Hospital, in which he was secretly interned. Mr. Perkins Bull, K.C., of Toronto, Ont., and London, Ontario, was reported last night as resting fairly well at Windsor Hospital.

With rumors were flying fairly fast by the Windsor hospital authorities, that the prominent lawyer's movements in the United States, his son, Mr. Bull, and his daughter, Mrs. W. C. Wilson, returned.

With rumors were flying fairly fast by the Windsor hospital authorities, that the prominent lawyer's movements in the United States, his son, Mr. Bull, and his daughter, Mrs. W. C. Wilson, returned.

With rumors were flying fairly fast by the Windsor hospital authorities, that the prominent lawyer's movements in the United States, his son, Mr. Bull, and his daughter, Mrs. W. C. Wilson, returned.

—Main Floor—Back.

## "TOLL GATE" TO PERFORM ON THE GRAND CIRCUIT

J. M. Roddy's Crack Pack  
Also Entered in \$25,000  
Derby at Kalamazoo  
HAS MARK OF 206 3-4

Kington, Ont., February 21.—Kington's crack race-horse, *Toll Gate*, owned by J. M. Roddy, will this summer be seen in action on the Grand Circuit, and already has been entered in a \$10,000 race and two \$18,000 races.

Charles B. Fletcher, race secretary, Syracuse, N.Y., and "The Fighting one" Grand Circuit trainer and driver were in the city yesterday and made arrangements with Mr. Roddy for the appearance of the horse, which will take charge of the horse, which will leave on March 1st for the racing campaign.

*Toll Gate*, with a mark of 206 3-4 will be in the \$25,000 Derby at Kalamazoo, Mich., and will also appear in \$10,000 races at Allen, Conn., and Windsor, Ohio. The horse will also be seen in the \$10,000 race at Thoroughbred, Ontario, in the near future.

*Toll Gate* is one of the fastest horses in this district, and in races in Toronto showed "sensational" form last fall. J. M. Roddy purchased the horse from R. Aylmer and P. McEneaney, and has high hopes that the packer will make a splendid record this summer.

## Stormy Weather Hard on Baby

Stormy, misty February and March weather is extremely hard on children. Children make it necessary to keep them in-doors. They are often confined to over-heated, badly ventilated rooms and catch colds which reach their worst when they guard against these colds the little one should be given an occasional dose of Baby's Own Tablets to keep his stomach and bowels working regularly. The Tablets will ward off colds, and if they do come suddenly the prompt use of the Tablets will quickly banish them. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams Medicine Co., Brockville, Ont.

## There is a delicate mellow flavour to Salada Green tea

**"FRESH FROM THE GARDENS"**

## RAIL SAW MILL START OPERATION

It is understood that the Canadian National Railway will this year develop the business depression carry a considerable improvement in this district. The mill will be located on the Montreal-Toronto main line and also branch line on the north line to Lindsay and Midland. The rail saw mill will be operating at full capacity shortly after the first of the month and will give employment to many who have been laid off practically all winter.

The clearing of new rails will bring with it new ties in many places and will also be new ties. The C. N. R. have made a contract with the Canada Cement Company at Point Anne for the supplying of this crushed rock for the mill. Speaking to Mr. H. H. Leggett, the Ontario Intelligence learned today that 70,000 tons of crushed rock was ready for delivery to the railway but this quantity is not nearly enough to meet the demand. The crushed rock ballast will be placed principally on the main line.

In another week the new club house will be opened and will give employment according to Mr. Leggett. The club house was totally destroyed by fire two years ago and in the wisdom of the officials of the structure was to be rebuilt the structure on broader and more dignified lines. The club house will be equipped with all the necessaries of club life for the employees.

Canadian Coal  
Nova Scotia, New Brunswick, British Columbia and the Yukon produce only high-grade coal. The Saskatchewan mines yield lignite only; Alberta produces bituminous, sub-bituminous, and lignite, and formerly also mined some anthracite.

SALEM, N. S. N. S.

The regular monthly meeting of the Salem W.M.U. met at the home of Mr. H. Robinson on Wednesday, Feb. 19th. The meeting opened by singing hymn "Lead Kindly Light" followed with prayer by Mrs. Hanson. The Scripture lesson was read by Mrs. S. Haight from Romans, 12th chapter.

Minutes were read and approved. Treasurer's report. Roll call was answered with a vote "children".

Hymn 123, "Path of the Fathers," was then sung. Mrs. H. Hanson and Mrs. Robinson delegated to the room.

Presented before at Salem gave reports of the convention and hearty vote of thanks was given by the ladies.

Programme was arranged by Mrs. Annie McLaren, the group leader. Bertha Robinson gave a selection on the piano, "Heaven My God is There," in variations.

Mrs. Leslie and Mrs. McLaren gave readings from the study book, "The Career of Henry Martin." Mrs. J. Sills gave a talk on Christian stewardship this evening the value of the control system which is being generally adopted.

It was decided to meet at Mrs. L. McLaren's on the afternoon of Feb. 26th to observe the "World's Day of Prayer."

Meeting closed with hymn 131, "My Jesus Be a Blessing to Me," and Mrs. J. Sills led in prayer.

Attendance 17.

The Survivors Bureau of Canada

The Survivors Bureau of the Dominion Department of the Interior co-ordinates the work of the Canadian Survivors of Canada, the Topographical Bureau, the Commission, and the Divisions of Aerial Survey and Town Planning.

## NO DEPRESSION TALK IN PRETORIA'S TRADE

Pretoria, South Africa, Feb. 21.—There is no serious depression talk in Pretoria, and the leading merchants here appear to take a very optimistic view of the alleged "depression" in Pretoria at least. The general opinion is that Pretoria's trade has been quite fair during the past year, though the public in many cases have been looking for better times than they find. The merchants are not depressed, but rather they are not depressed. There is no depression in Pretoria at the end of 1930.

One merchant says he thinks "the merchants all have less stock than a year ago." This is a good sign, as it makes them to buy on a large scale when times improve. The manager of a music store says the average trade during the year has been reasonable. Another says Pretoria has passed the worst. Over-trading and the bad state of the agricultural industry has improved quickly if the banks were not so stringent with their money.

A manager of a drapery store says he has never sold so many luxury articles as during this past Christmas season. The public bought freely. Judging from their trade, there was no depression in Pretoria at the end of 1930.

## THE PRAISE OF A VIRTUOUS WOMAN

Many years ago a young student of literature, Emma found that her time life was becoming unendurable. In spite of much study, there seemed almost constant discontent, worry and heart-breaking quarrels. After what had become the most uninteresting and unexciting of his work, while the other was left in a state of indifference. However, the student, in seeking a solution, opened the Bible to the thirty-first chapter of Proverbs, and read the captions at the top of the page, "The Praise of a Virtuous Woman." He read the sixth and seventh verses, then closed the book with a perfect smile, and he had never preferred something better to correcting a husband!

Pursuing the regular morning pace lately, just leaving for town in her own way, she again opened to the Bible, which again opened to the same chapter. Now just ready to sit, and any need for self-correction she closed the book and led to the kitchen. But a dozen students came to her to the kitchen of the truth for home, and she soon found herself again with the Bible in her hands. For the third time she had been confronted by: humility came to her aid, and it was read with a new meaning.

The summary of the home duties of a woman contained in the chapter quoted from above, Proverbs, is a mass of plain, common sense, and it is not complete and to the point. Here it is complete and to the point. Here it is complete and to the point. Here it is complete and to the point. Here it is complete and to the point.

The student's reflection after admitted that if the rules of justice, charity, and industry laid down in this remarkable chapter, were conscientiously followed by each member of the family, there would be no time left for selfishness. This which had previously been upon a reminder of the value of the family and the world would now be upon in keeping her thoughts and hands busy with good. The student's reflection after admitted that if the rules of justice, charity, and industry laid down in this remarkable chapter, were conscientiously followed by each member of the family, there would be no time left for selfishness.

Pots is exporting nearly 60,000 tons of Ottawa a month.

MADE IN CANADA

Transfer of Live Salmon  
The problem of stocking spawning areas in British Columbia which have become depleted through the construction of dams and other works connected with hydro-electric development has been tackled in a novel and highly successful manner by the Fish Culture Division of the Dominion Department of Fisheries. One thousand six hundred and thirty-one adult cohoes salmon were taken from the ponds of Adams river, placed in tanks and transported, and transferred to Scotch creek. Not a single fish died during the transfer with all on entering Scotch creek straightway headed for the upper reaches to complete the process of reproduction. It is expected that the massive runs of white fish will build up a stock in those waters.

Canadian Potato  
The total potato production for Canada in 1930 amounted to 20,000,000 cwt., and the most crop for the season 1930-31 was 20,000,000 cwt.

# POPULAR ANNOUNCEMENT!

To the Pupils of the Collegiate Institute, St. Michael's Academy and the Public Schools of Belleville

In the Form of an Essay for Which We Will Make Cash and Other Awards

## The Subject:

Why is Scientifically Pasteurized Milk, SAFE MILK?  
The contestant may treat this broad subject in any way he so desires, however, we suggest enlarging upon some of the following phases—Safety—Food Value—Flavor, etc.

The pupils of all Belleville Schools will be eligible. The grade or form of each contestant will be taken into consideration so far as English and Composition is concerned.

There will be two divisions for the First and Second Awards. Division No. 1 will be composed of the pupils of the Collegiate Institute and Vocational School and the Senior pupils of St. Michael's Academy. Division No. 2 will be composed of the pupils of all the Public Schools of Belleville and the junior pupils of St. Michael's Academy.

The winner of the First Prize in BOTH divisions will be awarded \$10.00 in CASH and a \$1 strip of Citizens' Dairy Milk tickets, EACH. The winner of second place in both divisions will also be awarded \$7.00 in CASH and a \$1 strip of Citizens' Dairy Milk tickets, EACH.

The remaining three awards will be open to contestants of either division taking into consideration the grade or form of each contestant.

## Contest Rules:

1. The Essay must be at least one hundred words and not over five hundred words in length.
2. Entries must be written in ink on one side of the page and each page must be numbered.
3. The name and address, school, form and name of teacher of the contestant, must be written on the back of the page.
4. Entries, to be considered by the judges, must be neatly executed. The elementary rules of English and Composition will be a factor in making any award.
5. Only one entry from any one individual will be eligible for any award.
6. The time limit has been extended to Saturday, March 7, 1931. No entries will be received that are postmarked or delivered later than that date.

# SMUTS, HERTZOG, EMPIRE FIGURES ARE COMPARED

London, Feb. 21.—Interesting comparison of the personalities of Ottawa's Henry Hertzog, Prime Minister of South Africa, and Gen. Sir Charles Smuts, Canadian Minister of Defence, published here by *Temper Low*. For fifty years the David Hertzog, who is a cousin of the famous Marquis, has occupied a place in his own life in the political, military and social life of South Africa.

"If Smuts were a Minister," writes David Hertzog, "England would be proud of him, the greatest and most important position would be open to him. The House of Lords would welcome him, he would be a regularity to the House of Commons, but in the country of his ancestors and birth, a large number of his own countrymen, from feelings of jealousy, petty spite, and for political purposes, have never a good word for him, and oppose and attack him most persistently beyond the bounds of fair and reasonable criticism. Their jealousy is peculiarly a sign of their own inferiority."

"As a rule Smuts is calm and cool in the most exciting debates and when being personally attacked. I saw him lose his temper on one occasion only when Prime Minister. The first opposition bench were condemning General Smuts a few years after his death and being at control of themselves, accused this great patriotic statesman and leader of being a traitor to his country. Smuts, with all his calmness and self-control, did not stand this. I shall never forget his railing language when replying to this gross insult. It will remain indelibly impressed in my memory. I can almost see Smuts, when replying, pointing the finger of re-remembrance at the opposition and saying loudly: 'You remind me of a lot of private cars standing round the grave of a dead lion; excite anything he save efficient?'"

General Hertzog, according to Dr. David Hertzog, appears to have been a very successful politician. He is a very capable, kindhearted and considerate, a most affectionate husband, with a love for his children that could not be exceeded. Socially, it is a pleasure to converse with him; he is a natural conversationalist, does not put on airs, is a pleasant on his high position. He is a very capable, kindhearted and considerate, a most affectionate husband, with a love for his children that could not be exceeded. Socially, it is a pleasure to converse with him; he is a natural conversationalist, does not put on airs, is a pleasant on his high position. He is a very capable, kindhearted and considerate, a most affectionate husband, with a love for his children that could not be exceeded. Socially, it is a pleasure to converse with him; he is a natural conversationalist, does not put on airs, is a pleasant on his high position.

"In debate he allows his passion to run away from his better judgment, and he has not spirit and left. General Smuts being generally selected for his great deal of intellect. In very heated party debates he never pours oil on the troubled waters, but hurries it to fire heat by going on better than any of his extremist supporters. It is a great pity that he cannot exercise control of himself on these occasions, for if he could do so he would make an ideal leader."

"That he is unfriendly disposed in England is apparent to all at present. His two-sided policy, economic measures, flag question, and German Treaty since were his up to him, but not to mention he desire to limit the purchasing of British manufacturers, a short-sighted policy, which has caused him to lose the support of the British public, and would be in a position to buy more of South Africa's increased her purchases from the United Kingdom—which she could do were it not for the restrictions imposed by the Nationalist Party."

## RELATIVE OF PROPOSED FORMER LIEUT.-GOVERNOR

London, Feb. 21.—At the time when Lord Lansdowne was mentioned as the possible governor-general of Canada, before the Earl of Beaconsfield's appointment was announced, it was discovered that an ancestor of Lord Lansdowne was lieutenant-governor of Quebec a century and a half ago.

Henry Hope, who died in 1788 after being lieutenant-governor from 1785, was the son of Sir John Charles Hope, and a grandson of the First Earl of Hopetoun, a British army officer and the first lieutenant-governor of the rank of lieutenant-general. He was commissary-general of the British troops in Canada when in 1785 he was appointed to succeed Sir John Hamilton. He administered the government of the province after the arrival of Lord Desborough as governor in 1786, and continued as lieutenant-governor until his death in Quebec on April 13, 1788. He married Mary, daughter of the Hon. John Macpherson of Mullachbrack, and was preceded a movement to him in Westminster Abbey.

## As the RAILS ADVANCED

As the rails of the new Canadian Pacific Railway advanced, the settlers kept pace. Men, women and children walked alongside their plodding oxen to keep step with the road that was opening this virgin land. Settlers formed new towns. On the Pacific Coast Van Horne stood on a hill and said, "Here will be Vancouver." So the work advanced, not

always smoothly, but sometimes with hard fighting. The railway pioneers had to face the scorn of those who said, "The road will never pay for its axle grease." (Railway and settlers went forward side by side for the final conquest of the country.

Between 1881 and 1891 the population of Manitoba, the Northwest Territories (including the present Provinces of

Alberta and Saskatchewan) and British Columbia rose from 168,000 to 350,000.

### CANADIAN PACIFIC TODAY

The Canadian Pacific Railway runs from the Atlantic to the Pacific Ocean. Its lines sail from Vancouver and Victoria to Japan and China, and from Montreal, Quebec and Saint John to Great Britain and the Continent. It operates winter trains to the Mediterranean, the West Indies and Round the World, and a winter service to Bermuda. Its stations and hotels represent the latest word in comfort and luxury. Its telegraph service employs 225,000 miles of wire. Its express travellers' cheques are current all over the world. Canadian Pacific offices and agents are to be found everywhere.

## Assets over Three Billion Three Hundred Million Dollars

(The assets of Metropolitan Life are the largest of any financial institution in the world)

## Insured and Assured

Metropolitan policyholders—including about one-fifth of the total populations of Canada and the United States—have built up their reserves from millions into billions.

THE financial story below is a record of achievement by men and women who are planning to avert want or to build estates. You may admire their steadfastness of purpose last year under handicaps which tested courage.

These people—policyholders of the Metropolitan Life Insurance Company—are building for their future. They would like to know what the future holds in store for them and for their countries as a whole.

Let them, and other citizens, examine any chart of the unparalleled prosperity of Canada and the United States over the past

hundred years. It appears not merely as a jagged line, but as a series of towering steps which rise steadily onward and upward.

It is heartening now to recall that, after each depression, our countries have always gone forward to greater heights of prosperity and better, sounder standards of living. Today our countries have more riches and better facilities than ever before with which to commence our next great period of development.

A review of the financial history of both Canada and the United States should turn any pessimist into an optimist.

Some  
Noteworthy Daily Averages  
of the Company's Business  
During 1930

2,144	per day in Number of Claims Paid.

## TRICOLOUR CAGE TEAM TOO GOOD FOR BELLEVILLE

Local's Ready for Crucial Game on Wednesday Night. Displaying marked superiority in their passing game, the Tricolour team last night defeated the Y's Men's Club of Belleville on the Coliseum gym to the tune of 31 to 18. The game was an exhibition run in conjunction with a game between the Queens Juniors and the Belleville Collieries, which was won by the former team 30 to 20.

Y's Men met Queen's intercollegiate tomorrow night at the Y.M.C.A. in a regular scheduled cage fixture. Belleville will play the game in order to be the first to win a game in the play-off for the Eastern Ontario A.B.A. championship, so the team will be right on their toes.

Local's game was a revelation to those who had been told that the team was not as good as the one that won the first game. The team was not as good as the one that won the first game.

The game was played at the local arena. The team was not as good as the one that won the first game. The team was not as good as the one that won the first game. The team was not as good as the one that won the first game.

## "There Never Was More Money Than There Is To-Day"--Roger W. Babson

*In 1931  
Build Confidence  
in Canada*

**D**EPOSITS in Canadian banks exceed \$2,100,000,000. On a basis of approximately ten millions of population, Canada's per capita wealth in reserve is \$210.00 for every man, woman and child in the Dominion. In the month of October, 1930, saving deposits increased \$75,000,000.

With a progressive, intelligent, literate people—with a land teeming with potentialities ninety per cent. undeveloped, Canadian business men can face the year with unbounded assurance.

Manufacturers to-day know that sales volume can be secured only by placing real selling effort behind a product. You—the manufacturer—have a brand of merit. Canadian people want to know about it—and they have the money to buy it.

"Merchandising success," says Babson, "depends upon two principal factors. These two

factors are: first, good advertising in sufficient quantity; and second, a good product. No matter how good a product is, it must be sold. The best way to tell them is through the local newspaper."

Creative advertising can maintain confidence and is now helping to build more business in 1931. With the aid of advertising, existing markets can be expanded and new fields developed.

The first month of 1931 has brought with it the assurance of a gradual up-curve in all Canadian business. We are through the hurly-burly of the last fifteen months.

In the Daily Press of Canada merchants, manufacturers and capitalists of the Dominion have at their command a tested potent instrument for building confidence and increasing consumption.

BELLEVIEW, ONTARIO, THURSDAY, FEBRUARY 26, 1931

## POINT MAN CONSTABLY SEVERELY SCALP REPROVED BY BENCH FOR ALLEGED SILENCE IN MANSLAUGHTER CASE

**ACTED SULLEN**  
Chas. A. Payne R.C. Argued  
For Dismissal of Charge  
Against Marcell

Albion Chas. A. Payne R.C. argued for Frank Marcell's acquittal in the Lushby case, the charge being that the constable should be dismissed without having to go into the jury. Justice Jeffrey disagreed and ordered the trial to proceed. This argument came at the close of the Crown's evidence in the manslaughter charge against Mr. Payne had shown no intention to place the accused in the witness box, and the Crown counsel argued there was, in fact, no evidence against the accused. Justice Jeffrey pointed out that the Crown's evidence was sufficient to establish the charge, and that the accused was not entitled to a dismissal of the charge. The trial will continue tomorrow.

## YOUNG OFFICIAL CHARGED WITH THEFT \$120,000

**Son of Mayor and Well Known Family, Welfare King Is Arrested**  
Pembroke, Ont., Feb. 26.—Son of Premier's brother, former treasurer of the Ontario Bank, 31-year-old William B. Bagg was arrested last night charged with theft of over \$120,000 of the bank's money. The northern Ontario Valley town was seething with excitement over the news of the arrest of the son of the mayor and a well-known family. Bagg was arrested at his home in Pembroke, and is being held in the local jail. The theft is alleged to have taken place in the bank's vaults in Toronto. Bagg is a well-known figure in the community, and his arrest has caused a great deal of interest.

## RESTORATION OF FEDERAL HEADS MAY TURN DOWN RUSSIAN OFFER

**Little Likelihood of Govt. Accepting Soviet Proposal in Regard to Implementation**  
Ottawa, Feb. 26.—There is very little likelihood of the government accepting the offer of the Soviet government to purchase \$10,000,000 worth of federal lands in Canada on condition that payment is accepted in four-year Russian gold and the balance in cash.

## JURY REUSED WITH CONDITIONS IN COUNTY HOME

## "There Never Was More Money Than There Is To-Day"--Roger W. Babson

*In 1931  
Build Confidence  
in Canada*

**D**EPOSITS in Canadian banks exceed \$2,100,000,000. On a basis of approximately ten millions of population, Canada's per capita wealth in reserve is \$210.00 for every man, woman and child in the Dominion. In the month of October, 1930, saving deposits increased \$75,000,000.

With a progressive, intelligent, lit-rate people—with a land teeming with potentialities ninety per cent. undeveloped, Canadian business men can face the year with unbounded assurance.

Manufacturers to-day know that sales volume can be secured only by placing real selling effort behind a product. You—the manufacturer—have a brand of merit. Canadian people want to know about it—and they have the money to buy it.

"Merchandising success," says Babson, "depends upon two principal factors. These two

factors are: first, good advertising in sufficient quantity; and second, a good product. No matter how good a product is, it must be sold. The best way to tell them is through the local newspaper."

Creative advertising can maintain confidence and is now helping to build more business in 1931. With the aid of advertising, existing markets can be expanded and new fields developed.

The first quarter of 1931 has brought with it the assurance of a gradual up-curve in all Canadian business. We are through the hurly-burly of the last fifteen months.

In the Daily Press of Canada merchants, manufacturers and capitalists of the Dominion have at their command a tested potent instrument for building confidence and increasing consumption.

# NEW ENGLAND STATES GRAPPLE WITH COMPLEX RAIL PROBLEM

Boston, Feb. 27.—New England, caught in the clutches of her own am- bition, today is struggling with finan- cial and transportation problems. One of the most serious of these prob- lems is the question of the New England railroads, which are the main- stay of the region's commerce. The railroads are the arteries of the New England, and their financial health is vital to the region's prosperity. The railroads are the arteries of the New England, and their financial health is vital to the region's prosperity.

Various causes contribute to the financial problems of the railroads. The railroads are the arteries of the New England, and their financial health is vital to the region's prosperity. business establishments, produce 10 per cent. of the value of all manufac- tured products and pay 12 per cent. of all the taxes, said "Wash. Con- siderably increased, and New England has become a net importer of goods. The railroads are the arteries of the New England, and their financial health is vital to the region's prosperity.

An all New England system suggested by W. Z. Ripley, of Harvard Uni- versity, Committee on the Interstate Commerce Commission, President Daniel Willard of the Baltimore and Ohio, and Sir Henry Thornton of the Canadian National Railways.

Four major group systems within the territory as suggested by the Inter- state Commerce Commission. The systems would embrace all roads in the territory and would be headed in- dividually by the Boston and Maine, the New York, New Haven and Har- vard, the New York Central, Cana- dian National and Canadian Pacific.

The Providence, R.I. Chamber of Commerce, the Boston and Maine, the New York, New Haven and Har- vard, the New York Central, Cana- dian National and Canadian Pacific.

The plan of C. P. and M. J. Van Dine is a somewhat similar to the Providence plan. The New York, New Haven and Har- vard, the New York Central, Cana- dian National and Canadian Pacific.

## SIDELIGHTS ON HIS CHARACTER SHOW BRITISH SPEED KING IS VERY HUMAN

New York, Feb. 26.—The world must rather wait than ride — he doesn't like to drive an automobile in traffic. From the autobahn comes one of the world's fastest drivers, but he has never been arrested for speeding. He is the world's speed king.

He is Captain Malcolm Campbell, famous British speedster, brother of the Australian and American speed- ists. He is a gentleman by birth and breeding, a gentleman by choice and holder of the world's automobile speed record.

He loves to fish and will even drop work on his beloved Kilmory — his champion racing car — to go to a fish- ing spot in Ireland. He is a very re- ligious man, and he is a very re- ligious man.

He never travels by train when he can travel by car. He is a very re- ligious man, and he is a very re- ligious man.

He is a very re- ligious man, and he is a very re- ligious man.

## Her Monthly Love Letter

The first day of the month, and every month, she writes a love letter to him. It is a love letter to him, and it is a love letter to him.

It was a thoughtful, loving husband and father who made this arrangement with her. The London life to send his wife \$100.00 a month as long as she should live.

A better plan could not have been devised. The home is preserved; the mother's love is preserved; the daughter, who is thus assured in the most certain and sure way, a good schooling, and every opportunity to live.

How simple the doing of a deed with such far- reaching results. An annual deposit equal to \$5.00 per week in a monthly income plan taken with this company, plied it all.

Our representatives are specialists in arranging Monthly Income. It pays to know!

## QUICKEST TO MAKE!

Tender, delicious pancakes by Aunt Jemima

JUST mix equal parts of Aunt Jemima Pancake Flour with milk or water... and you have Aunt Jemima's pancakes.

And how they disappear! Everybody loves them. The family almost breaks its way into the kitchen, looking for more.

With old slave days, Aunt Jemima's pancakes were the most famous food in the South. They were made by the old slaves, and they were made by the old slaves.

Ask your grocer for Aunt Jemima Pancake Flour, and get a choice of Pancake Flour, too, and get a choice of Pancake Flour, too.

## BUCKWHEATS, too—Some folks like the taste of buckwheat toast, served in breakfast or supper or cold weather. Aunt Jemima's recipe comes with a dash of buckwheat flour.

## S. A. EXPORTS BROUGHT CLOSER TO DEEP WATER

London, Feb. 27.—Through the ef- fort of British exports, the Congo, en- gines are pushing with trials of steel to bring back Africa's products a week earlier to the market.

The newly built railroad will be in- augurated within the next few months. It will link the rich copper producing Congo to the Portuguese Angola. This will have the tremendous dis- advantage of the Congo's exports which in 1929 totalled about \$170,000.

By eliminating shipment of ex- ports to the coast and the new line, with its connections, will permit ships to call for their cargo at Lobito in the Portuguese Angola. This will have the tremendous dis- advantage of the Congo's exports which in 1929 totalled about \$170,000.

## As the RAILS ADVANCED

As the rails of the new Canadian Pacific Railway advanced, the settlers kept pace. Men, women and children walked alongside their plodding oxen to keep step with the road that was opening this virgin land. (Settlers formed new towns. On the Pacific Coast Van Horne stood on a hill and said, "Here will be Vancouver." So the work advanced, not

always smoothly, but sometimes with hard fighting. The railway pioneers had to face the scorn of those who said, "The road will never pay for its axle grease." (Railway and settlers went forward side by side for the final conquest of the country.

Between 1881 and 1891 the population of Manitoba, the Northwest Territories (including the present Provinces of

Alberta and Saskatchewan) and British Columbia rose from 158,000 to 350,000.

### CANADIAN PACIFIC TODAY

The Canadian Pacific Railway runs from the Atlantic to the Pacific Ocean. Its lines sail from Vancouver and Victoria to Japan and China, and from Montreal, Quebec and Saint John to Great Britain and the Continent. It operates winter cruises to the Mediterranean, the West Indies and Round the World, and a winter service to Bermuda. Its cottages and hotels represent the latest word in comfort and luxury. Its telegraph service employs 22,000 miles of wire. Its express travellers' cheques are current all over the world. Canadian Pacific offices and agents are to be found everywhere.

## "There Never Was More Money Than There Is To-Day"--Roger W. Babson

*In 1931  
Build Confidence  
in Canada*

**D**EPOSITS in Canadian banks exceed \$2,100,000,000. On a basis of approximately ten millions of population, Canada's per capita wealth in reserve is \$210.00 for every man, woman and child in the Dominion. In the month of October, 1930, saving deposits increased \$75,000,000.

With a progressive, intelligent, literate people—with a land teeming with potentialities ninety per cent. undeveloped, Canadian business men can face the year with unbounded assurance.

Manufacturers to-day know that sales volume can be secured only by placing real selling effort behind a product. You—the manufacturer—have a brand of merit. Canadian people want to know about it—and they have the money to buy it.

"Merchandising success," says Babson, "depends upon two principal factors. These two

factors are: first, good advertising in sufficient quantity; and second, a good product. No matter how good a product is, it must be sold. The best way to tell them is through the local newspaper."

Creative advertising can maintain confidence and is now helping to build more business in 1931. With the aid of advertising, existing markets can be expanded and new fields developed.

The first month of 1931 has brought with it the assurance of a gradual up-curve in all Canadian business. We are through the hard-bury of the last fifteen months.

In the Daily Press of Canada merchants, manufacturers and capitalists of the Dominion have at their command a tested potent instrument for building confidence and increasing consumption.

## BRIEBRY CHARGES ARE WITHDRAWN

**Collusion Allegations Ignored in Windsor Customs Report**

Windsor, Feb. 22.—Charges made by Mr. J. Stinson against senior officers in the customs service here have been withdrawn by him, according to information received by the Star, from a friend of his.

All a week ago senior officers were held up by the report that they had been charged with collusion in the importation of goods from the United States.

Stinson had charged that some senior officers were in collusion with Detroit customs officers to so mark certain goods that they would be imported into Canada without payment of duty. It was also a charge that bribes had been accepted by senior officers.

The investigation conducted by Inspector Jackson did reveal, however, that some officers had been charged with collusion with Detroit customs officers to so mark certain goods that they would be imported into Canada without payment of duty. It was also a charge that bribes had been accepted by senior officers.

## CHAPLIN MISTAKEN FOR HOLD-UP MAN

**Ducks into Candy Store to Avoid Cops and Scores Woman Proprietor**

LONDON, Feb. 22.—The confusion caused by Charlie Chaplin's London street crowd last yesterday by his late mistake for a hold-up man.

He was walking down Westminster Bridge Road with two companions, and the crowd of his admirers followed him. When some one spotted him and a crowd gathered, Chaplin and his companions, anxious to escape, ducked into a candy store.

When the crowd gathered, Chaplin and his companions, anxious to escape, ducked into a candy store. When the crowd gathered, Chaplin and his companions, anxious to escape, ducked into a candy store.

The movement started in the London press and among the public to secure a photograph for Chaplin was declined in disappointment under any circumstances, it was learned today.

Thomas Carlyle Had Relatives in Canada

MONTREAL, Feb. 22.—(By The Canadian Press.)—In the "Fifty Years Ago" column of a local paper the item appears:

## Our Singing Waterfalls

Many of our singing waterfalls are in the midst of their annual spring run. The water is running freely, and the music of the falling water is heard in the distance.

Many of our singing waterfalls are in the midst of their annual spring run. The water is running freely, and the music of the falling water is heard in the distance.
